

Class Supply List

Class/Workshop Title: **Photography, Mastering the Essentials**

Teaching Artist: **John A. Benigno**

- Supply Request: White board and magic markers. I will supply my own lap top computer and projector. Students will need computers, mice, etc. from Digital Closet for final two classes. Also, we will need power surge protectors and extension cords for these last two classes.
- Student Supply List: Students will need pen and paper for note taking. They will need a camera – all formats (digital and film) are O.K. They will have to have some way to share assignments with the class. This can be printed photographs or on their personal lap top computers (smart phones do not have a large enough display). They will need a thumb drive.
