SUMMER ART CAMP & PRE-TEEN STUDIOS 2016

Art, science, engineering, and fun collide for one *STEAM-tacular summer*. Gear up your imagination, spark up your creativity, and unleash your inner-artist for The Art of Invention & Innovation at Main Line Art Center in Haverford!

ABOUT SUMMER ART CAMP

Want to know what it is like to create a masterpiece in a real art studio alongside an actual working artist, and then exhibit your creations in a gallery with all of your new friends? This is the Main Line Art Center Camp experience!

Each week-long session introduces young artists to a variety of age-appropriate materials, techniques, and artistic concepts through imaginative projects designed to tap into each child's innate creativity. In a social and nurturing environment, young artists explore drawing, painting, ceramics, jewelry and metals, printmaking, digital media, and more, all while developing crucial life-skills like critical-thinking and problem-solving.

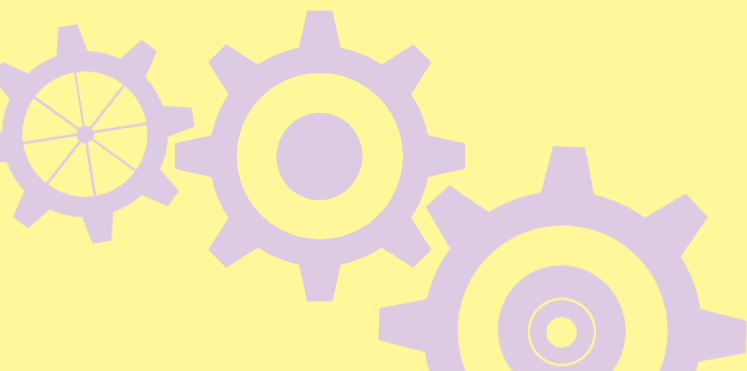

Camp is broken down into age groups with low teacher-to-student ratios to ensure individualized learning. Throughout the day, campers move to different studios to explore new mediums and techniques as they create masterpieces based on the weekly theme. On Fridays we welcome a special guest to enhance our learning, then celebrate with friends and family at an Art Party and exhibition in the award-winning galleries.

CAMP STRUCTURE

Summer Art Camp for 4 year olds is offered in half days (9 - 11:45 am), for ages 5-12, in morning (9 - 11:45 am) or afternoon (12:45 - 3:30 pm) half days, or full days (9 am - 3:30 pm). Before care and after care are available to extend a full day camper's day from 8 am - 6 pm, and lunch care (11:45 am - 12:45 pm) is available for morning half day campers.

THE ART OF INVENTION & INNOVATION

Science, technology, engineering and math (the STEM subjects) blended with art?! But of course! Just ask Leonardo Da Vinci, artist, scientist, and inventor (some say he invented the bicycle!). Integrating art helps children grasp abstract concepts by rooting them in practice, teaches creative problem-solving, and encourages children to be independent thinkers. All of this wrapped up into some seriously fun and imaginative projects that will send campers to the moon and back, blur the lines of art, movement, and music, and transform the way they see the world!

TYPICAL DAY AT ART CAMP

8:55 - 9 am	Morning half day and full day arrival
9 am	Morning gathering
9 - 10:15 am	Drawing and painting
10:15 - 10:30 am	Morning break and snack (BYO nut-free snack)
10:30 - 11:45 am	Jewelry and metals
11:45 am	Morning half day pick up
11:45 am - 12:45 pm	Lunch break and physical activities outside (weather permitting)
12:45 pm	Afternoon half day arrival
12:45 - 2 pm	Ceramics and sculpture
2 - 2:15 pm	Afternoon break outside (weather permitting)
2:15 - 3:30 pm	Mixed media or Friday workshop with visiting artist
3 - 3:30 pm	Fridays: Art party and exhibition
3:30 pm	Pick up

* Please note the schedule changes each session and we cannot guarantee that your children will work within a specific medium.

“The experience at art camp was positive all around! The teachers were seasoned and skilled and by taking an interest in my daughter’s work, they encouraged her to succeed at her own level. She had fun and enjoyed her day tremendously. This was our best camp experience!”

-Jen, parent of camper

CAMP CALENDAR

SESSION	DATE	THEME
A	June 13 – 17	Da Vinci is Da Bomb: Inventors Unite!
B	June 20 – 24	Musical Machines: Rhythm & Motion <i>Presented by Meridee Winters School of Music</i>
C	June 27 – July 1	Back to the Future: Tech, Time Machines & Teslas
D	July 5 – 8 ** (4 days, Tues-Fri)	Blowing in the Wind: Wind Chimes, Weather & Whirl-e-gigs
E	July 11 – 15	Birds, Bugs & Blimps: Things That Fly
F	July 18 – 22	To the Moon & Back: Shooting Through Space <i>Presented by Acme Markets</i>
G	July 25 – 29	Waterworks: H₂OMG!
H	August 1 – 5	Moving Parts: Mechanical Magic <i>Presented by Franklin Mint Federal Credit Union</i>
I	August 8 – 12	We Built This City: Put the Art in Architecture
J	August 15 – 19	Experimentation Station: Discover, Investigate, Create!
K	August 22 – 26	Go Green: Conservation Nation!

Teaching Artist Assistants Needed

Want to be a leader and all-star volunteer? We're looking for you! Must be able to commit to working 8:45 am-3:30 pm for at least one full session, and must be over the age of 15. TAAs are unpaid, but earn discounts based on hours worked and gain valuable experience. Download an application from our website.

TEEN STUDIOS

JUNE 20-AUGUST 12: AGES 13-18

Ceramics & Sculpture
 Drawing & Painting
 Digital Arts & Photography
 Glass Art
 Fabric Arts
 Jewelry & Metals

Look for the Summer Teen Studio
 schedule on our website,
www.mainlineart.org

PRE-TEEN STUDIOS

Ages 10-12

Developed specifically for artists ages 10 - 12, Pre-Teen Studios provide an opportunity for focused, in-depth learning and experimentation with a single medium under the guidance of a professional Teaching Artist. Sound serious? Seriously fun! The projects are cooler, the techniques more specific, and the learning a little faster paced. Just like Summer Art Camp, Pre-Teen Studios culminate each week with a Friday Art Party and special guest visitor.

Select morning and afternoon week-long intensives to make up a full day, or chose a morning or afternoon half day intensive only. Full day camp rates apply when registering for both morning and afternoon intensives, which includes lunch care. No experience needed!

Drawing & Painting

It seems simple - putting pen to paper - but drawing is truly the foundation of art! Explore the fundamentals of drawing and painting through a variety of 2-D media and refine perspective skills as you move from black and white to color. This class will instruct and inspire you to improve your vision and perception.

Drawing: Sketchbook Techniques

Dig doodling? Take it to the next level and learn to quickly capture ideas and images, while creating a book about the way that you see the world. We'll cover observational drawing, gesture drawing, telling a story with pictures, and incorporating text.

Ceramics

'Round and 'round it goes! Learn how to turn a clump of clay into something that is both beautiful and functional on the potter's wheel. A pre-teen favorite!

Fabric Arts

Bring out your inner-designer as you experiment with fabric, thread, yarn, basketry, and other materials. Screenprint your own t-shirts and bags, batik or paint with wax, weave, dye, coil, and sew to explore the wonderful world of fibers.

Glass Fusing

Let's melt some glass! Explore light, transparency, layering, and color, and create shapes and forms using techniques like kiln carving and slumping. We will create impressive-looking tiles, coasters, small dishes, necklaces, and earrings that you will be proud to say you made yourself.

Graffiti Arts

Express yourself! We'll look at the history and present form of this eclectic medium as we create powerful works of art using stencils, lettering, montage, painting, and more. Then, learn how artists take it from the street to the world of art and media.

Photo Encaustics

Break free of the picture frame! Turn photographic prints that you've taken or found into mixed-media masterpieces as you explore the boundaries of image making. Photo encaustics combines photography with the ancient art of painting using beeswax and pigments. Collage, sand, paint, and draw your way to a surprising work of art.

Print, Paper & Book Arts

Origami is great, but there's way more you can do with a piece of paper! From weaving an accordion-bound journal, to drawing and etching on a variety of surfaces, to smashing pulp into paper, we'll tap into your creative side and have you creating differently with print, paper and book arts!

Metalsmithing: Jewelry & Metals

Bend, twist, saw, and melt metals in our new jewelry studio. Before your very eyes, you'll turn metals and other 3-D media into sculptural or wearable works of art.

Mosaics

Mirror, mirror on the wall...Create a colorful mosaic mirror using colored glass, stone and other materials! Learn how to safely cut pottery and glass to create intricate designs and then grout them. Individual tiles and more complex mosaics will be covered as each student expands their creativity with design and color.

Photography & Digital Art

Step away from the camera phone and take your photography to a whole new level as you learn to take *picture perfect* images while learning the fundamentals of digital photography and graphic art. Main Line Art Center's digital cameras shared among campers; please bring a thumb drive to save your own work.

Photo Books

Tell your own story your own way and create a book that is as unique as you are using photos, paper, drawings, and paintings. It's all about you!

Sculpture Vultures: Robots & Kinetic Creations

Sculpt your way to an awesome summer! Mold from your imagination and learn how to bring your 2-D designs to life using clay and mixed media.

Stop Animation

You'll be in the director's chair as we create a collaborative short video using stop motion animation that you'll be excited to share with friends and family. In the process, we'll explore the A-Z of stop motion techniques which may include claymation, cut paper, collage, and drawing.

SUMMER ART CAMP & PRE-TEEN STUDIOS 2016

The projects were unique and more than I expected from a camp. My kids had a great time and couldn't wait to go every day.
-Anna, parent of camper

We tried out a few different camps this summer. BY FAR this was the highlight. You'll be seeing more of us next year!
-Tom, parent of camper
