**Will there be studio equipment available?** Yes. Most of the equipment that is usually provided by MLAC will be available at the Haverford School (easels, lights, etc, depending on what was requested by the teacher for class use), or similar substitutions will be made. Please contact the Art Center staff at least a week in advance if you need any special accommodations.

**What will students have access to?** Students will have access to the art studios, equipment, and nearby bathrooms. Sinks are located in the studios. Students are asked to limit themselves to this area of the building.

*We appreciate your support and keeping mindful that this is a loaned space that we are using. Please be sure to clean up when you are done with class and take belongings home. We want to make sure the studios are left as we found them so The Haverford School students can enjoy their facilities when they return in September!*
