About Summer Art Camp 2017: THE ART OF EXPLORING NATURE, MYTH & MAGIC

June 12 – August 25 • 11 one-week sessions

Long live the curious! From enchanted forests where hobbits and gnomes dwell, to sunken treasure deep under the sea, to the far reaches of space, this year's theme opens the door to an amazing summer of discovery and art-making. Whether our inspiration is rooted in the natural or supernatural, we'll uncover new facts about these worlds as we create and make new friends. Each week a new adventure awaits you. Under the guidance of professional Teaching Artists, campers (ages 4-12) learn the fundamentals of painting, drawing, ceramics, printmaking, fiber arts, jewelry and metals. Campers develop skills in collaboration, critical thinking, problem-solving, and self-expression. At the end of each session/week, campers proudly display their work in an exhibition for family and friends. Children leave camp more confident, with skills in problem-solving, self-expression and a love for art that they can draw on for the rest of their lives.

About Teaching Artist Apprenticeship (TAA):

This is an opportunity for individuals (ages 14 years and older) who are passionate about art and art education to gain working knowledge and build their portfolios and resumes. Teaching Artist Apprentices will gain classroom experience and build confidence through working with children attending the Art Center's Summer Art Camp. TAAs will assist professional, experienced Teaching Artists with administering lesson plans and curriculum. Through this process, our TAAs will learn how to develop their own lesson plans and curriculum, as well as classroom management skills, while serving as mentors to aspiring child artists. The Apprenticeship program also makes a good match for individuals who simply enjoy sharing the visual arts with children.

The TAA position is unpaid, but volunteers hours can be exchanged for discounts on Main Line Art Center tuition (please inquire for information on the Rewards Program).

TAA must work 8:45 am-3:30 pm each day during their scheduled session(s)/week(s). TAA's daily schedule will be flexible so there will be opportunity to rotate throughout different classes during the day to gain exposure to a variety of mediums and teaching styles.
